*If a cop has decided to spoil your evening, fear not! You can spoil the cop's evening right back at 'em.*

## ***what if you see a rider get stopped by a cop?***

**stick together.** Stay with the rider, support them, and observe. Keep a safe distance, keep off the street, and keep calm, so you don't get cited too.

**give the rider the hotline:**

**415 289.6503**

*SF Critical Mass Police Abuse Hotline*

**get the information.** Get the officer's calling card, with name, badge number, and station. Record other details, like time and place.

**cooperate.** Do what the officer says, if it's legal. An officer in control of the situation is a happy officer.

**offer help.** Ask what the rider needs.

**call the hotline** with the details.

## ***what if you're stopped?***

**stick together.** Tell the group you've been stopped.

**"what am I being cited for?"**

Be polite, but get an answer. If you're not being cited, are you free to go? If you can't go, are you being cited?

**cooperate.** Less trouble is better.

**call 415 289.6503.** If we fight the bogus policing together, it'll stop.
